The General Data Protection Regulation (GDPR) is a piece of EU wide legislation which will determine how people's personal data is processed and kept safe.

This regulation will apply to all schools from May 25th 2018.

At the school we are very busy reviewing our systems to ensure that we are compliant.

In the coming weeks we will be asking parents to give consent to let us use your child/childrens pictures or images.

We do already ask this when your child joins the school, but in the interest of best practice we are issuing another letter.

Thank you in advance for your cooperation.

Changes to School Dinners

The cost of School Dinners has decreased to £2.13 a day & £10.65 a week.

Please remember to pay regularly.

Hello, my name is PC Keisha Shokunbi, and I'm a Safer Schools Officer for Camden. I've been in my role since March 2017, and I absolutely love it. My job is to educate children on how to stay safe whilst on the streets and at home. Our children are very vulnerable and there are many dangers out there, which they need to be aware of. It is also my job to educate children on the importance of making the right choices in life, as there are consequences to every action. I also teach them the importance of personal responsibility and accountability. Children need positive role models in their lives, and as a police officer, I believe that I am definitely a positive figure for children to look up to. I am extremely friendly and very approachable, so please feel free to contact me if you would like to have a chat, or have any queries or concerns. My email address is Keisha.Shokunbi@met.pnn.police.uk and my number is 0208 733 6325. I will be arranging a coffee morning for parents in the near future.
